Surner Heating Co. Company Information

Surner Heating Co. Inc. (founder Ben Surner, son Scott Surner, daughter Susan Surner Montague, and son-in-law Bruce Montague) has been serving the fuel oil needs of residential and commercial customers in the Pioneer Valley since 1963. Today, Surner Heating is one of the preeminent fuel companies in the valley, serving over 23 communities in Hampshire and Franklin Counties. The strength of the company is clearly illustrated by its recent opening of a new office and fuel storage facility in Greenfield in order to better serve our Franklin County customers.

Surner Heating Co. is a full service company, offering not only heating oil, but complete heating and AC equipment and installation, as well as around-the-clock burner service to ensure our customers' comfort and convenience. The familiar blue and yellow of Surner's fleets of metered pump trucks and service vans are commonly sighted as they crisscross the roads of Hampshire and Franklin counties every day. The company owns its own pipeline terminal in Springfield with a 2.5 million gallon capacity, as well as bulk storage facilities in both Hampshire and Franklin counties, ensuring our customers a readily available supply of fuel oil.

Surner Heating offers a variety of annual pre-payment programs to its customers, which we handle by using contracts for oil futures, so we are well able to handle the LPVEC bid request's requirement for a pricing option based on a NYMEX futures price.

Surner Heating Co. has maintained its bank accounts for many years with People's United Bank, formerly The Bank of Western Mass., of which Ben Surner was one of the founding stockholders and served on the board of directors for over 20 years. Surner Heating Co. is an upstanding member of the Pioneer Valley business community, and is a member of the Greater Amherst Chamber of Commerce, the Franklin County Chamber of Commerce, and the Greenfield Business Association.

In 2000, Ben Surner proposed and authored, with Massachusetts Senator John Kerry, The Home Heating Oil Reserve Bill, which passed Congress in October, 2000.

Additional information is available upon request if required.
